Forward-Looking Statements and Cautionary Statements

The foregoing contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. All statements, other than statements of historical fact, included in this communication that address activities, events or developments that the Partnership or Energy Transfer expects, believes or anticipates will or may occur in the future are forward-looking statements. Words such as "may," "assume," "forecast," "position," "predict," "strategy," "expect," "intend," "plan," "estimate," "anticipate," "believe," "project," "budget," "potential," or "continue," and similar expressions are used to identify forward-looking statements. They can be affected by assumptions used or by known or unknown risks or uncertainties. Consequently, no forward-looking statements can be guaranteed. However, the absence of these words does not mean that the statements are not forward-looking. These forward-looking statements include, but are not limited to, statements regarding the Mergers, pro forma descriptions of the company and its operations following the Mergers, integration and transition plans, anticipated cost savings, tax benefits and synergies, opportunities and anticipated future performance. There are a number of risks and uncertainties that could cause actual results to differ materially from the forward-looking statements included in this communication. These include the expected timing and likelihood of completion of the Mergers, including the timing, receipt and terms and conditions of any required governmental and regulatory approvals of the Mergers that could reduce anticipated benefits or cause the parties to abandon the Mergers, the occurrence of any event, change or other circumstances that could give rise to the termination of the merger agreement, the possibility that unitholders of the Partnership may not approve the Mergers, the risk that the parties may not be able to satisfy the conditions to the Mergers in a timely manner or at all, risks related to disruption of management time from ongoing business operations due to the Mergers, the risk that any announcements relating to the Mergers could have adverse effects on the market price of Energy

Transfer's or the Partnership's common units, the risk that the Mergers and its announcement could have an adverse effect on the ability of the Partnership and Energy Transfer to retain and hire key personnel, on the ability of the Partnership to attract third-party customers and maintain its relationships with joint venture counterparties and on the Partnership's operating results and businesses generally, including the ongoing COVID-19 Pandemic, the risk the pending Mergers could distract management of both entities and they will incur substantial costs, the risk that problems may arise in successfully integrating the companies, which may result in the companies not operating as effectively and efficiently as expected following the Mergers, the risk that the parties may be unable to achieve the anticipated benefits or any other synergies from the Mergers or that it may take longer than expected to achieve those benefits and synergies and other important factors that could cause actual results to differ materially from those projected. All such factors are difficult to predict and are beyond the Partnership's or Energy Transfer's control, including those detailed in the Partnership's annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K that are available on its website at <http://www.enablemidstream.com> and on the SEC's website at <http://www.sec.gov>, and those detailed in Energy Transfer's annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K that are available on Energy Transfer's website at <http://www.energytransfer.com> and on the SEC's website at <http://www.sec.gov>. All forward-looking statements are based on assumptions that the Partnership or Energy Transfer believe to be reasonable but that may not prove to be accurate. Any forward-looking statement speaks only as of the date on which such statement is made, and the Partnership and Energy Transfer undertake no obligation to correct or update any forward-looking statement, whether as a result of new information, future events or otherwise, except as required by applicable law. Readers are cautioned not to place undue reliance on these forward-looking statements that speak only as of the date hereof.
