

UNITED STATES SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, D.C. 20549

FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended September 30, 2006

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission file number 1-31219

SUNOCO LOGISTICS PARTNERS L.P.

(Exact name of registrant as specified in its charter)

Delaware
(State or other jurisdiction of
incorporation or organization)

23-3096839
(I.R.S. Employer
Identification No.)

Mellon Bank Center
1735 Market Street, Suite LL, Philadelphia, PA
(Address of principal executive offices)

19103-7583
(Zip Code)

Registrant's telephone number, including area code: (866) 248-4344

Former name, former address and formal fiscal year, if changed since last report: Not Applicable

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer. See definition of "accelerated filer" and "large accelerated filer" in Rule 12b-2 of the Exchange Act.:

Large accelerated filer Accelerated filer Non-accelerated filer

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

At November 2, 2006, the number of the registrant's Common Units outstanding was 22,844,051, and its Subordinated Units outstanding was 5,691,819.

SUNOCO LOGISTICS PARTNERS L.P.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

1. Basis of Presentation

Sunoco Logistics Partners L.P. (the “Partnership”) is a publicly traded Delaware limited partnership formed by Sunoco, Inc. (“Sunoco”) in October 2001 to acquire a substantial portion of Sunoco’s logistics business. The Partnership owns and operates a geographically diverse portfolio of complementary assets, consisting of refined product pipelines, terminalling and storage assets, crude oil pipelines, and crude oil acquisition and marketing assets located in the Northeast, Midwest and South Central United States.

The consolidated financial statements reflect the results of Sunoco Logistics Partners L.P. and its wholly-owned partnerships, including Sunoco Logistics Partners Operations L.P. (the “Operating Partnership”). Equity ownership interests in corporate joint ventures, which are not consolidated, are accounted for under the equity method.

The accompanying condensed consolidated financial statements are presented in accordance with the requirements of Form 10-Q and accounting principles generally accepted in the United States for interim financial reporting. They do not include all disclosures normally made in financial statements contained in Form 10-K. In management’s opinion, all adjustments necessary for a fair presentation of the results of operations, financial position and cash flows for the periods shown have been made. All such adjustments are of a normal recurring nature. Results for the three and nine months ended September 30, 2006 are not necessarily indicative of results for the full year 2006.

2. Acquisitions

Mid-Valley Pipeline Acquisition

On August 21, 2006, the Partnership purchased from Sunoco a 100 percent interest in Sun Pipe Line Company of Delaware LLC, the owner of a 55.3 percent equity interest in Mid-Valley Pipeline Company (“Mid-Valley”) for \$65 million, subject to certain adjustments five years following the date of closing, based upon performance of Sunoco. Mid-Valley owns a 994-mile pipeline, which originates in Longview, Texas and terminates in Samaria, Michigan, and has operating capacity of approximately 238,000 barrels per day and 4.2 million barrels of shell storage capacity. Mid-Valley provides crude oil to a number of refineries, primarily in the Midwest United States. The Partnership will continue to be the operator of the Mid-Valley pipeline.

The purchase price of the acquisition was initially funded with \$46.0 million in borrowings under the Partnership’s Credit Facility and with cash on hand, and has been included in the Western Pipeline System business segment. Since the acquisition was from a related party, the interest in the entity was recorded by the Partnership at Sunoco’s historical cost of \$12.5 million and the \$52.5 million difference between the purchase price and the cost basis of the assets was recorded by the Partnership as a capital distribution. The results of the acquisition are included in the financial statements from the date of acquisition.

Millennium and Kilgore Pipeline Acquisition

On March 1, 2006, the Partnership purchased a Texas crude oil pipeline system from affiliates of Black Hills Energy, Inc. for approximately \$40.9 million. The system consists of (a) the Millennium Pipeline, a 200-mile, 12-inch crude oil pipeline with approximately 65,000 barrels per day operating capacity, originating near the Partnership’s Nederland Terminal, and terminating at Longview Texas; (b) the Kilgore Pipeline, a 190-mile, 10-inch crude oil pipeline with approximately 35,000 barrels per day capacity originating in Kilgore, Texas and terminating at refineries in the Houston, Texas region; (c) approximately 800,000 shell barrels of storage capacity at Kilgore, and Longview, Texas, approximately 340,000 of which are active; (d) a crude oil sales and marketing business; and (e) crude oil line fill and working inventory.

The purchase price of the acquisition was initially funded with borrowings under the Partnership’s Credit Facility, and has been included in the Western Pipeline System business segment. The purchase price has been allocated to the assets acquired based on their relative fair values at the acquisition date. The following is a summary of the effects of the transaction on the Partnership’s consolidated financial position (in thousands of dollars):

Table of Contents

Increase in:	
Inventories	\$ 2,189
Properties, plants and equipment, net	38,711
Cash paid for acquisition	<u>\$ 40,900</u>

The results of the acquisition are included in the financial statements from the date of acquisition.

Amdel and White Oil Pipeline Acquisition

On March 1, 2006, the Partnership also acquired a Texas crude oil pipeline system from Alon USA Energy, Inc. for approximately \$68.0 million. The system consists of (a) the Amdel Pipeline, a 503-mile, 10-inch common carrier crude oil pipeline with approximately 27,000 barrels per day operating capacity, originating at the Nederland Terminal, and terminating at Midland, Texas, and (b) the White Oil Pipeline, a 25-mile, 10-inch crude oil pipeline with approximately 40,000 barrels per day operating capacity, originating at the Amdel Pipeline and terminating at Alon's Big Spring, Texas refinery. Alon has also agreed to ship a minimum of 15,000 barrels per day on the pipelines under a 10-year, throughput and deficiency agreement. The pipelines were idle at the time of purchase and were re-commissioned by the Partnership during the second quarter 2006. The pipelines are currently being filled and are expected to begin making deliveries during the fourth quarter 2006. The Partnership also began construction to expand capacity on the Amdel Pipeline from approximately 27,000 to 40,000 barrels per day, which it expects to be completed by the first quarter of 2007, and to construct new tankage at the Nederland Terminal to service these new volumes more efficiently. The purchase price of the acquisition was initially funded with borrowings under the Partnership's Credit Facility, and has been allocated to property, plants and equipment based on the relative fair value of the assets acquired on the acquisition date within the Western Pipeline System business segment.

Mesa Pipe Line System Interest Acquisition

On December 5, 2005, the Partnership purchased a subsidiary of Sunoco which owned a 7.2 percent undivided interest in the Mesa Pipe Line system for approximately \$1.3 million. The Mesa Pipe Line system consists of an 80-mile, 24-inch crude oil pipeline from Midland, Texas to Colorado City, Texas, with an operating capacity of approximately 316,000 barrels per day, and approximately 800,000 barrels of tankage at Midland. The Mesa pipeline connects to the West Texas Gulf pipeline, which supplies crude oil to the Mid-Valley pipeline. On December 29, 2005, the Partnership purchased an additional 29.8 percent interest in Mesa from Chevron for \$5.3 million, increasing its combined interest to 37.0 percent. The purchase prices of the acquisitions were initially funded with \$6.6 million of borrowings under the Partnership's Credit Facility, and were allocated on a preliminary basis to property, plants and equipment within the Western Pipeline System business segment. The results of the acquisitions are included in the financial statements from the dates of acquisition.

The Partnership and Plains All American Pipeline are the owners of the undivided interest in Mesa. On April 21, 2006, the Partnership and Plains All American Pipeline agreed to extend the Mesa operating agreement, previously scheduled to expire on June 30, 2006, until December 31, 2009.

Corsicana to Wichita Falls Pipeline Acquisition

On August 1, 2005, the Partnership purchased, from an affiliate of Exxon Mobil Corporation, a crude oil pipeline system and storage facilities located in Texas for \$100.0 million. The pipeline system consists primarily of a 187-mile, 16-inch pipeline with an operating capacity of approximately 125,000 barrels per day. It originates at a crude oil terminal in Corsicana, Texas and terminates at Wichita Falls, Texas. The storage facilities include the Corsicana terminal, which has 2.9 million barrels of shell capacity for crude oil, and the Ringgold, Texas terminal, which consists of 0.5 million barrels of shell capacity for crude oil. In addition, the Partnership invested approximately \$16.0 million in 2005 to construct a new 20-mile, 24-inch pipeline to connect the Corsicana to Wichita Falls pipeline to the West Texas Gulf pipeline, in which the Partnership has a 43.8% ownership interest. The purchase price of the acquisition was initially funded with \$75.0 million of borrowings under the Partnership's Credit Facility and \$25.0 million of cash on hand. In August 2005, \$56.5 million of proceeds were raised in an offering of common units (see Note 9), and were used to pay down a portion of these borrowings on the Credit Facility. The purchase price was allocated to property, plants and equipment within the Western Pipeline System business segment. The results of the acquisition are included in the financial statements from the date of acquisition.

Syracuse Terminal Acquisition

On April 17, 2006, the Partnership signed a definitive agreement to purchase a 50 percent interest in a refined products terminal located in Syracuse, New York from Mobil Pipe Line Company, an affiliate of Exxon Mobil Corporation. Total terminal storage is approximately 550 thousand barrels. The transaction is subject to normal conditions to closing for assets of this nature. Closing is now expected to occur in the fourth quarter of 2006.

3. Related Party Transactions

Advances To and From Affiliates

The Partnership has a treasury services agreement with Sunoco pursuant to which it, among other things, participates in Sunoco's centralized cash management program. Under this program, all of the Partnership's cash receipts and cash disbursements are processed, together with those of Sunoco and its other subsidiaries, through Sunoco's cash accounts with a corresponding credit or charge to an intercompany account. The intercompany balances are settled periodically, but no less frequently than monthly. Amounts due from Sunoco earn interest at a rate equal to the average rate of the Partnership's third-party money market investments, while amounts due to Sunoco bear interest at a rate equal to the interest rate provided in the Partnership's revolving credit facility (see Note 6).

Selling, general and administrative expenses in the condensed consolidated statements of income include costs incurred by Sunoco for the provision of certain centralized corporate functions such as legal, accounting, treasury, engineering, information technology, insurance and other corporate services, including the administration of employee benefit plans. These are provided to the Partnership under an omnibus agreement ("Omnibus Agreement") with Sunoco for an annual administrative fee. The fee for the annual period ended December 31, 2005 was \$8.4 million. In January 2006, the parties extended the term of Section 4.1 of the Omnibus Agreement (which concerns the Partnership's obligation to pay the annual fee for provision of certain general and administrative services) by one year. The annual administrative fee applicable to this one-year extension is \$7.7 million, which reflects the Partnership directly incurring some of these general and administrative costs. These costs may be increased if the acquisition or construction of new assets or businesses requires an increase in the level of general and administrative services received by the Partnership. There can be no assurance that Section 4.1 of the Omnibus Agreement will be extended beyond 2006, or that, if extended, the administrative fee charged by Sunoco will be at or below the current administrative fee. In the event that the Partnership is unable to obtain such services from Sunoco or third parties at or below the current cost, the Partnership's financial condition and results of operations may be adversely impacted.

The annual administrative fee does not include the costs of shared insurance programs, which are allocated to the Partnership based upon its share of the cash premiums incurred. This fee also does not include salaries of pipeline and terminal personnel or other employees of the general partner, or the cost of their employee benefits. These employees are employees of the Partnership's general partner or its affiliates, which are wholly-owned subsidiaries of Sunoco. The Partnership has no employees. Allocated Sunoco employee benefit plan expenses for employees who work in the pipeline, terminalling, storage and crude oil gathering operations, including senior executives, include non-contributory defined benefit retirement plans, defined contribution 401(k) plans, employee and retiree medical, dental and life insurance plans, incentive compensation plans, and other such benefits. The Partnership is reimbursing Sunoco for these costs and other direct expenses incurred on its behalf. These expenses are reflected in cost of products sold and operating expenses and selling, general and administrative expenses in the condensed consolidated statements of income.

Accounts Receivable, Affiliated Companies

Affiliated revenues in the condensed consolidated statements of income consist of sales of crude oil as well as the provision of crude oil and refined product pipeline transportation, terminalling and storage services to Sunoco, Inc. (R&M) ("Sunoco R&M"). Sales of crude oil are computed using the formula-based pricing mechanism of a supply agreement with Sunoco R&M. Management of the Partnership believes these terms in the aggregate to be comparable to those that could be negotiated with an unrelated third party. Pipeline revenues are generally determined using posted tariffs. The Partnership has throughput agreements with Sunoco R&M under which the Partnership is charging Sunoco R&M fees for services provided under these agreements comparable to those charged in arm's-length, third-party transactions. Under these agreements, Sunoco R&M has agreed to pay the Partnership a minimum level of revenues for transporting and terminalling refined products and crude oil for the period specified in the agreements.

Under other agreements between the parties, Sunoco R&M is, among other things, purchasing from the Partnership, at market-based rates, particular grades of crude oil that the Partnership's crude oil acquisition and marketing business purchases for delivery to certain pipelines. These agreements automatically renew on a monthly basis unless terminated by either party on 30 days written notice. Sunoco R&M also leases the Partnership's 58 miles of interrefinery pipelines between Sunoco R&M's Philadelphia and Marcus Hook refineries for a term of 20 years, ending in 2022.

Table of Contents

Capital Contributions

The Partnership has agreements with Sunoco R&M which requires Sunoco R&M to, among other things, reimburse the Partnership for certain expenditures. These agreements include:

- the Omnibus Agreement, which requires Sunoco R&M to, among other things, reimburse the Partnership for any operating expenses and capital expenditures in excess of \$8.0 million per year in each calendar year from 2002 to 2006 that are made to comply with the DOT's pipeline integrity management rule, subject to a maximum aggregate reimbursement of \$15.0 million over the five-year period ending December 31, 2006. For the nine months ended September 2006, the Partnership received \$0.4 million under this arrangement. The Partnership has received a cumulative reimbursement of \$12.1 million under this arrangement;
- the Omnibus Agreement, which requires Sunoco R&M to, among other things, reimburse the Partnership for up to \$10.0 million of expenditures required at the Marcus Hook Tank Farm and the Darby Creek Tank Farm to maintain compliance with existing industry standards and regulatory requirements. For the nine months ended September 2006, the Partnership received \$0.1 million under this arrangement and reached the \$10.0 million limit;
- the Interrefinery Lease Agreement, which requires Sunoco R&M to reimburse the Partnership for any non-routine maintenance expenditures incurred, as defined, during the term of the agreement; and
- the Eagle Point purchase agreement, which requires Sunoco R&M to reimburse the Partnership for certain maintenance capital and expenses incurred regarding the assets acquired, as defined, up to \$5.0 million through March 2014. The Partnership has received \$1.1 million to date under this agreement.

These expenditures, which were recorded as maintenance capital and operating expenses, were as follows (in thousands of dollars):

	Nine Months Ended September 30,	
	2006	2005
Maintenance capital	\$ 1,723	\$ 842
Operating expenses	—	—
	<u>\$ 1,723</u>	<u>\$ 842</u>

The reimbursement of these amounts was recorded by the Partnership as capital contributions to Partners' Capital within the condensed consolidated balance sheet at September 30, 2006.

In May 2006, the Partnership sold 2.4 million common units in a public offering. In June 2006, the Partnership sold an additional 280,000 common units to cover over-allotments in connection with the May 2006 sale (see Note 9). As a result of this issuance of 2.680 million common units, the general partner contributed \$2.4 million to the Partnership to maintain its 2.0 percent general partner interest. The Partnership recorded this amount as a capital contribution to Partners' Capital within its condensed consolidated balance sheet.

In August 2005, the Partnership sold 1.5 million common units in a public offering. In September 2005, the Partnership sold an additional 125,000 common units to cover over-allotments in connection with the August 2005 sale. As a result of this issuance of 1.625 million common units, the general partner contributed \$1.3 million to the Partnership to maintain its 2.0 percent general partner interest. The Partnership recorded this amount as a capital contribution to Partners' Capital within its condensed consolidated balance sheet.

In February 2006 and 2005, the Partnership issued 0.1 million and 0.2 million common units, respectively, to participants in the Sunoco Partners LLC Long-Term Incentive Plan ("LTIP") upon completion of award vesting requirements. As a result of these issuances of common units, the general partner contributed \$0.1 million in each period to the Partnership to maintain its 2.0 percent general partner interest. The Partnership recorded these amounts as capital contributions to Partners' Capital within its condensed consolidated balance sheets.

Asset Acquisition

On August 21, 2006, the Partnership acquired a subsidiary of Sunoco, which owned a 55.3 percent equity interest in the Mid-Valley Pipeline Company ("Mid-Valley") for \$65 million, subject to certain adjustments five years following the date of

[Table of Contents](#)

closing (see Note 2). Since the acquisition was from a related party, the interest in the entity was recorded by the Partnership at Sunoco's historical cost of \$12.5 million and the \$52.5 million difference between the purchase price and the cost basis of the assets was recorded by the Partnership as a capital distribution.

On December 5, 2005, the Partnership acquired a subsidiary of Sunoco, which owned a 7.2 percent undivided interest in the Mesa Pipe Line system for approximately \$1.3 million (see Note 2). Since the acquisition was from a related party, the interest in the entity was recorded by the Partnership at Sunoco's historical cost of \$0.2 million, and the \$1.1 million difference between the purchase price and the cost basis of the assets was recorded by the Partnership as a capital distribution.

Redemption of Common Units

In May and June 2005, the Partnership sold a total of 2.775 million common units in a public offering. The net proceeds from the sale were used to redeem 2.775 million common units owned by Sunoco for \$99.6 million. Also in connection with the equity offering, Sunoco agreed to reimburse the Partnership for transaction costs incurred by the Partnership. Reimbursement of these costs of \$0.4 million occurred during the third quarter of 2005 when the transaction costs were finalized, and the reimbursement was accounted for as an increase to Partners' Capital within the Partnership's condensed consolidated balance sheet.

Conversion of Subordinated Units

A total of 5,691,820 subordinated limited partner units, equal to one-half of the originally issued subordinated units held by the general partner, were converted to common units, 2,845,910 each on February 15, 2006 and February 15, 2005, as the Partnership met the requirements set forth in the partnership agreement (see Note 10).

4. Net Income Per Unit Data

Basic and diluted net income per limited partner unit is calculated by dividing net income, after deducting the amount allocated to the general partner's interest, by the weighted-average number of limited partner common and subordinated units outstanding during the period.

The general partner's interest in net income consists of its 2.0 percent general partner interest and "incentive distributions", which are increasing percentages, up to 50 percent of quarterly distributions in excess of \$0.50 per limited partner unit (see Note 10). The general partner was allocated net income of \$0.8 million (representing 4.6 percent of total net income for the period) and \$0.5 million (representing 3.4 percent of total net income for the period) for the three months ended September 30, 2006 and 2005, respectively. The general partner was allocated net income of \$6.3 million (representing 10.0 percent of total net income for the period) and \$2.6 million (representing 5.4 percent of total net income for the period) for the nine months ended September 30, 2006 and 2005, respectively. Diluted net income per limited partner unit is calculated by dividing net income applicable to limited partners' by the sum of the weighted-average number of common and subordinated units outstanding and the dilutive effect of incentive unit awards, as calculated by the treasury stock method.

The following table sets forth the reconciliation of the weighted average number of limited partner units used to compute basic net income per limited partner unit to those used to compute diluted net income per limited partner unit for the three and nine months ended September 30, 2006 and 2005:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2006	2005	2006	2005
Weighted average number of limited partner units outstanding – basic	28,535,870	25,111,434	27,296,067	24,452,350
Add effect of dilutive unit incentive awards	127,449	157,841	125,514	171,850
Weighted average number of limited partner units – diluted	28,663,319	25,269,275	27,421,581	24,624,200

5. Investment in Affiliates

The Partnership's ownership percentages in corporate joint ventures as of September 30, 2006 and December 31, 2005 are as follows:

[Table of Contents](#)

	Equity Ownership Percentage
Explorer Pipeline Company	9.4%
West Shore Pipe Line Company	12.3%
Yellowstone Pipe Line Company	14.0%
Wolverine Pipe Line Company	31.5%
West Texas Gulf Pipe Line Company	43.8%
Mid-Valley Pipeline Company (1)	55.3%

(1) Ownership of Mid-Valley Pipeline Company relates only to the period ended September 30, 2006 as the acquisition was completed in August 2006.

The following table provides summarized combined statement of income data on a 100 percent basis for the Partnership's corporate joint venture interests for the three and nine months ended September 30, 2006 and 2005 (in thousands of dollars):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2006	2005	2006	2005
Income Statement Data:				
Total revenues	\$135,873	\$98,580	\$342,339	\$284,820
Net income	\$ 36,986	\$24,296	\$ 87,643	\$ 77,530

The following table provides summarized combined balance sheet data on a 100 percent basis for the Partnership's corporate joint venture interests as of September 30, 2006 and December 31, 2005 (in thousands of dollars):

	September 30, 2006	December 31, 2005
Balance Sheet Data:		
Current assets	\$117,981	\$100,241
Non-current assets	\$486,681	\$468,994
Current liabilities	\$111,534	\$ 80,054
Non-current liabilities	\$408,589	\$437,004
Net equity	\$ 84,539	\$ 52,177

The Partnership's investments in Wolverine, West Shore, Yellowstone, and West Texas Gulf at September 30, 2006 include an excess investment amount of approximately \$55.1 million, net of accumulated amortization of \$2.5 million. The excess investment is the difference between the investment balance and the Partnership's proportionate share of the net assets of the entities. The excess investment was allocated to the underlying tangible and intangible assets. Other than land and indefinite-lived intangible assets, all amounts allocated, principally to pipeline and related assets, are amortized using the straight-line method over their estimated useful life of 40 years and included within depreciation and amortization in the condensed consolidated statements of income.

6. Long-Term Debt

The components of long-term debt are as follows (in thousands of dollars):

	September 30, 2006	December 31, 2005
Credit Facility	\$ 46,000	\$ 106,600
Senior Notes – 7.25%, due February 15, 2012	250,000	250,000
Senior Notes – 6.125%, due May 15, 2016	175,000	—
Less unamortized bond discount	(1,138)	(1,027)
	<u>\$ 469,862</u>	<u>\$ 355,573</u>

Sunoco Logistics Partners Operations L.P. (the "Operating Partnership"), a wholly-owned entity of the Partnership, has a \$300 million Credit Facility available to fund the Operating Partnership's working capital requirements, to finance future

Table of Contents

acquisitions and for general partnership purposes. It may also be used to fund the quarterly distribution to a maximum of \$20.0 million. Borrowing under this distribution sublimit must be reduced to zero each year for a 15-day period. The Credit Facility matures in November 2010 and may be prepaid at any time. It bears interest at the Operating Partnership's option, at either (i) LIBOR plus an applicable margin or (ii) the higher of the federal funds rate plus 0.50 percent or the Citibank prime rate (each plus the applicable margin). There were \$46.0 million of outstanding borrowings under the Credit Facility at September 30, 2006. The Credit Facility contains various covenants limiting the Operating Partnership's ability to incur indebtedness; grant certain liens; make certain loans, acquisitions and investments; make any material change to the nature of its business; acquire another company; or enter into a merger or sale of assets, including the sale or transfer of interests in the Operating Partnership's subsidiaries. The Credit Facility also contains covenants (each as defined in the credit agreement) requiring the Operating Partnership to maintain, on a rolling four-quarter basis, a maximum total debt to EBITDA ratio of 4.75 to 1, which can generally be increased to 5.25 to 1 during an acquisition period; and an interest coverage ratio of at least 3.0 to 1. The Operating Partnership is in compliance with these covenants as of September 30, 2006. The Partnership's ratio of total debt to EBITDA was 3.0 to 1 and the interest coverage ratio was 4.6 to 1 at September 30, 2006.

On March 1, 2006, the Partnership completed its acquisition of two Texas crude oil pipeline systems for approximately \$108.9 million (see Note 2). The Partnership initially financed these transactions with \$109.5 million of borrowings under the Credit Facility. All of the \$216.1 million in borrowings outstanding under the Credit Facility were repaid in May 2006 with proceeds from the Senior Notes offering described below, together with a portion of the net proceeds from the concurrent offering of 2.68 million limited partner common units (see Note 9).

During May 2006, the Operating Partnership issued \$175 million of 6.125 percent Senior Notes, due May 15, 2016 at 99.858 percent of the principal amount, for net proceeds of \$173.3 million after the underwriter's commission and legal, accounting and other transaction expenses. The discount is amortized on a straight-line basis over the term of the Senior Notes and is included within interest expense in the condensed consolidated statements of income. The Senior Notes are redeemable, at a make-whole premium, and are not subject to sinking fund provisions. The Senior Notes contain various covenants limiting the Operating Partnership's ability to incur certain liens, engage in sale/leaseback transactions, or merge, consolidate or sell substantially all of its assets. The Operating Partnership is in compliance with these covenants as of September 30, 2006. The net proceeds from the Senior Notes, together with the \$110.4 million in net proceeds from the concurrent offering of 2.68 million limited partner common units, were used to repay all of the \$216.1 million in outstanding borrowings under the Partnership's Credit Facility. The balance of the proceeds from the offerings are being used to fund the Partnership's organic growth program and for general Partnership purposes, including to finance pending and future acquisitions.

On August 21, 2006, the Partnership purchased from Sunoco a 100 percent interest in Sun Pipe Line Company of Delaware LLC, the owner of a 55.3 percent equity interest in Mid-Valley Pipeline Company ("Mid-Valley") for \$65 million, subject to certain adjustments five years following the date of closing (see Note 2). The purchase price of the acquisition was initially funded with \$46.0 million in borrowings under the Partnership's Credit Facility and with cash on hand.

The Partnership and the operating partnerships of the Operating Partnership serve as joint and several guarantors of the Senior Notes and of any obligations under the Credit Facility. The guarantees are full and unconditional. See Note 13 for supplemental condensed consolidating financial information.

7. Commitments and Contingent Liabilities

The Partnership is subject to numerous federal, state and local laws which regulate the discharge of materials into the environment or that otherwise relate to the protection of the environment. These laws and regulations result in liabilities and loss contingencies for remediation at the Partnership's facilities and at third-party or formerly owned sites. The accrued liability for environmental remediation in the condensed consolidated balance sheets was \$0.5 million and \$0.6 million as of September 30, 2006 and December 31, 2005, respectively. There are no liabilities attributable to unasserted claims, nor have any recoveries from insurance been assumed.

Total future costs for environmental remediation activities will depend upon, among other things, the identification of any additional sites, the determination of the extent of any contamination at each site, the timing and nature of required remedial actions, the technology available and needed to meet the various existing legal requirements, the nature and extent of future environmental laws, inflation rates and the determination of the Partnership's liability at multi-party sites, if any, in light of uncertainties with respect to joint and several liability, and the number, participation levels and financial viability of other parties. As discussed below, the Partnership's future costs will also be impacted by an indemnification from Sunoco.

Sunoco has indemnified the Partnership for 30 years from environmental and toxic tort liabilities related to the assets contributed to the Partnership that arise from the operation of such assets prior to the closing of the Partnership's initial

public offering (“IPO”) on February 8, 2002. Sunoco has indemnified the Partnership for 100 percent of all such losses asserted within the first 21 years of closing of the February 2002 IPO. Sunoco’s share of liability for claims asserted thereafter will decrease by 10 percent a year. For example, for a claim asserted during the twenty-third year after closing of the February 2002 IPO, Sunoco would be required to indemnify the Partnership for 80 percent of its loss. There is no monetary cap on the amount of indemnity coverage provided by Sunoco. The Partnership has agreed to indemnify Sunoco and its affiliates for events and conditions associated with the operation of the Partnership’s assets that occur on or after the closing of the February 2002 IPO and for environmental and toxic tort liabilities to the extent Sunoco is not required to indemnify the Partnership.

Sunoco has also indemnified the Partnership for liabilities, other than environmental and toxic tort liabilities related to the assets contributed to the Partnership, that arise out of Sunoco’s ownership and operation of the assets prior to the closing of the February 2002 IPO and that are asserted within 10 years after closing of the February 2002 IPO. In addition, Sunoco has indemnified the Partnership from liabilities relating to certain defects in title to the assets contributed to the Partnership and associated with failure to obtain certain consents and permits necessary to conduct its business that arise within 10 years after closing of the February 2002 IPO as well as from liabilities relating to legal actions pending against Sunoco or its affiliates as of February 2, 2002, or events and conditions associated with any assets retained by Sunoco or its affiliates.

Management of the Partnership does not believe that any liabilities which may arise from claims indemnified by Sunoco would be material in relation to the consolidated financial position of the Partnership at September 30, 2006.

There are certain other pending legal proceedings related to matters arising after the February 2002 IPO which are not indemnified by Sunoco. Management believes that any liabilities that may arise from these legal proceedings will not be material in relation to the consolidated financial position of the Partnership at September 30, 2006.

8. Management Incentive Plan

Sunoco Partners LLC, the general partner of the Partnership, has adopted the Sunoco Partners LLC Long-Term Incentive Plan (“LTIP”) for employees and directors of the general partner who perform services for the Partnership. The LTIP is administered by the independent directors of the Compensation Committee of the general partner’s board of directors with respect to employee awards, and by the non-independent members of the general partners’ board of directors with respect to awards granted to the independent directors. The LTIP currently permits the grant of restricted units and unit options covering an aggregate of 1,250,000 common units. There have been no grants of unit options since the inception of the LTIP. Restricted unit awards under the Partnership’s LTIP generally vest upon completion of a three-year service period. For performance-based awards, adjustments for attainment of performance targets can range from 0–200 percent of the award grant, and are payable in common units. Restricted unit awards may also include tandem distribution equivalent rights (“DERs”) at the discretion of the Compensation Committee. Subject to applicable vesting criteria, a DER entitles the grantee to a cash payment equal to cash distributions paid on an outstanding common unit during the period the restricted unit is outstanding. DERs are recognized as a reduction of Partners’ Capital as they become vested.

As of September 30, 2006, there were approximately 0.2 million unvested restricted stock units outstanding with a weighted average grant-date fair value of \$39.59 per unit, and a contractual life of three years. As of September 30, 2006, total compensation cost related to non-vested awards not yet recognized was \$1.9 million, and the weighted-average period over which this cost is expected to be recognized in expense is 1.6 years. The number of restricted stock units outstanding and the total compensation cost related to non-vested awards not yet recognized reflect the Partnership’s estimates of performance factors pertaining to performance-based restricted unit awards.

Effective January 1, 2006, the Partnership adopted Statement of Financial Accounting Standards No. 123 (revised 2004), “Share-Based Payment” (“SFAS No. 123R”), using the modified-prospective method. SFAS No. 123R revised the accounting for stock-based compensation required by Statement of Financial Accounting Standards No. 123 “Accounting for Stock-Based Compensation” (“SFAS No. 123”). Among other things, SFAS No. 123R requires a fair-value-based method of accounting for share-based payment transactions, which is similar to the method followed by the Partnership under the provisions of SFAS No. 123.

SFAS No. 123R also requires the use of a non-substantive vesting period approach for new share-based payment awards that vest when an employee becomes retirement eligible, as is the case under the Partnership’s Long-Term Incentive Plan (i.e., the vesting period cannot exceed the date an employee becomes retirement eligible). The effect will be to accelerate expense recognition compared to the vesting period approach that the Partnership previously followed under SFAS No. 123. As a result of adopting Statement 123(R) on January 1, 2006, the Partnership’s net income is \$0.8 million lower for the nine months ended September 30, 2006, than if it had continued to account for share-based compensation under SFAS No. 123. Basic and diluted earnings per unit are each \$.01 lower for the nine months ended September 30, 2006 than if the

[Table of Contents](#)

Partnership had continued to account for share-based compensation under SFAS No. 123. The future impact of the non-substantive vesting period will be dependent upon the value of future stock-based awards granted to employees who are eligible to retire prior to the normal vesting periods of the awards.

The Partnership recognized share-based compensation expense related to the LTIP of approximately \$2.9 million in the first nine months of 2006 under SFAS No. 123R and \$2.2 million for the first nine months of 2005 under SFAS No. 123. During the year ended December 31, 2005, approximately 118,400 awards under the LTIP vested. During the first quarter of 2006, the Partnership issued 86,827 new common units (after netting for taxes of approximately \$1.4 million) and made DER-related payments of approximately \$0.7 million in connection with the vesting.

9. Equity Offerings

In May 2006, the Partnership sold 2.4 million common units in a public offering at a price of \$43.00 per unit. In June 2006, the Partnership sold an additional 280,000 common units to cover over-allotments in connection with the May 2006 sale. The purchase price for the over allotment was equal to the offering price in the May 2006 sale. The units were issued under the Partnership's Form S-3 shelf registration statement declared effective by the SEC in April 2006. The total sale of units resulted in gross proceeds of \$115.2 million, and net proceeds of \$110.4 million, after the underwriters' commission and legal, accounting and other transaction expenses. Net proceeds of the offering, together with the \$173.3 million in net proceeds from the concurrent offering of Senior Notes (see Note 6), were used to repay \$216.1 million of the debt incurred under the revolving credit facility, to fund the Partnership's 2006 organic growth program, and for general partnership purposes. Also as a result of the issuance of these units, the general partner contributed \$2.4 million to the Partnership to maintain its 2.0 percent general partner interest.

At September 30, 2006, Sunoco's ownership in the Partnership, including its 2.0 percent general partner interest, was 43.4 percent.

10. Cash Distributions

Within 45 days after the end of each quarter, the Partnership distributes all cash on hand at the end of the quarter, less reserves established by the general partner in its discretion. This is defined as "available cash" in the partnership agreement. The general partner has broad discretion to establish cash reserves that it determines are necessary or appropriate to properly conduct the Partnership's business. The Partnership will make quarterly distributions to the extent there is sufficient cash from operations after establishment of cash reserves and payment of fees and expenses, including payments to the general partner.

The Partnership had 5,691,819 subordinated units issued as of September 30, 2006, all of which were held by the general partner and for which there is no established public trading market.

The Partnership originally issued 11,383,639 subordinated units to its general partner in connection with the 2002 IPO. The subordination period is generally defined in the partnership agreement as the period that ends on the first day of any quarter beginning after December 31, 2006 if (1) the Partnership has distributed at least the minimum quarterly distribution on all outstanding units with respect to each of the immediately preceding three consecutive, non-overlapping four-quarter periods; and (2) the adjusted operating surplus, as defined in the partnership agreement, during such periods equals or exceeds the amount that would have been sufficient to enable the Partnership to distribute the minimum quarterly distribution on all outstanding units on a fully diluted basis and the related distribution on the 2 percent general partner interest during those periods. In addition, under the partnership agreement, one quarter of the subordinated units may convert to common units on a one-for-one basis after both December 31, 2004 and December 31, 2005, if the Partnership meets the required tests for the preceding three consecutive, non-overlapping four-quarter periods. When the subordination period ends, the rights of the holders of subordinated units will no longer be subordinated to the rights of the holders of common units and the subordinated units may be converted into common units.

During the subordination period, the Partnership will generally pay cash distributions each quarter in the following manner:

- First, 98 percent to the holders of common units and 2 percent to the general partner, until each common unit has received a minimum quarterly distribution of \$0.45, plus any arrearages from prior quarters;
- Second, 98 percent to the holders of subordinated units and 2 percent to the general partner, until each subordinated unit has received a minimum quarterly distribution of \$0.45; and
- Thereafter, in the manner discussed below.

[Table of Contents](#)

The Partnership has met the minimum quarterly distribution requirements on all outstanding units for each of the three consecutive, non-overlapping four-quarter periods ended December 31, 2004 and 2005. As a result, a total of 5,691,820 subordinated units were converted into common units on a one-for-one basis, 2,845,910 each on February 15, 2005 and February 15, 2006. As of September 30, 2006, there are 5,691,819 subordinated units outstanding, all of which may be converted in February 2007 as long as the Partnership continues to meet the financial tests noted above for each of the three consecutive, non-overlapping four-quarter periods ending December 31, 2006.

After the subordination period, the Partnership will, in general, pay cash distributions each quarter in the following manner:

Quarterly Cash Distribution Amount per Unit	Percentage of Distributions	
	Unitholders	General Partner
Up to minimum quarterly distribution (\$0.45 per Unit)	98%	2%
Above \$0.45 per Unit up to \$0.50 per Unit	98%	2%
Above \$0.50 per Unit up to \$0.575 per Unit	85%	15%
Above \$0.575 per Unit up to \$0.70 per Unit	75%	25%
Above \$0.70 per Unit	50%	50%

If cash distributions exceed \$0.50 per unit in a quarter, the general partner will receive increasing percentages, up to 50 percent, of the cash distributed in excess of that amount. These distributions are referred to as “incentive distributions”. The amounts shown in the table under “Percentage of Distributions” are the percentage interests of the general partner and the unitholders in any available cash from operating surplus that is distributed up to and including the corresponding amount in the column “Quarterly Cash Distribution Amount per Unit,” until the available cash that is distributed reaches the next target distribution level, if any. The percentage interests shown for the unitholders and the general partner for the minimum quarterly distribution are also applicable to quarterly distribution amounts that are less than the minimum quarterly distribution.

Distributions paid by the Partnership for the period from January 1, 2005 through September 30, 2006 were as follows:

Date Cash Distribution Paid	Cash Distribution per Limited Partner Unit	Total Cash Distribution to Limited Partners (\$ in millions)	Total Cash Distribution to the General Partner (\$ in millions)
February 14, 2005	\$ 0.625	\$15.0	\$1.0
May 13, 2005	\$ 0.625	\$15.1	\$1.0
August 12, 2005	\$0.6375	\$15.4	\$1.1
November 14, 2005	\$ 0.675	\$17.4	\$1.5
February 14, 2006	\$0.7125	\$18.4	\$2.0
May 15, 2006	\$ 0.75	\$21.4	\$3.3
August 14, 2006	\$ 0.775	\$22.1	\$4.0

On October 23, 2006, Sunoco Partners LLC, the general partner of Sunoco Logistics Partners L.P., declared a cash distribution of \$0.7875 per common and subordinated partnership unit (\$3.15 annualized), representing the distribution for the third quarter 2006. The \$26.8 million distribution, including \$4.4 million to the general partner, will be paid on November 14, 2006 to unitholders of record at the close of business on November 7, 2006.

11. Exit Costs Associated with Western Pipeline Headquarters Relocation

On June 10, 2005, the Partnership announced its intention to relocate its Western area headquarters operations from Tulsa, Oklahoma to the Houston, Texas area. The Partnership offered to relocate all affected employees. The Partnership substantially completed the relocation during the first quarter 2006.

The total non-recurring expenses incurred in connection with the relocation plan amounted to \$4.9 million, including \$2.9 million recognized during the first quarter 2006. These costs consist primarily of employee relocation costs, one-time termination benefits and new hire expenses. These costs are included in selling, general and administrative expenses in the condensed statement of income, and are included in the operating results for the Western Pipeline System segment. In addition, the total capital expenditures associated with the move amounted to \$5.5 million, including \$2.8 million in the first quarter 2006. These capital expenditures include furniture and equipment, communication infrastructure and a pipeline control center. The Partnership did not incur any material costs related to the move in the second and third quarter of 2006, and does not expect the remaining costs related to the relocation to be material.

[Table of Contents](#)**12. Business Segment Information**

The following table sets forth condensed statement of income information concerning the Partnership's business segments and reconciles total segment operating income to net income for the three months ended September 30, 2006 and 2005, respectively (in thousands of dollars):

	Three Months Ended	
	September 30,	
	2006	2005
Segment Operating Income		
Eastern Pipeline System:		
Sales and other operating revenue:		
Affiliates	\$ 19,408	\$ 19,205

[Table of Contents](#)

The following table provides the identifiable assets for each segment as of September 30, 2006 and December 31, 2005 (in thousands):

	<u>September 30, 2006</u>	<u>December 31, 2005</u>
Eastern Pipeline System	\$ 357,051	\$ 343,591
Terminal Facilities	329,791	293,119
Western Pipeline System	1,342,455	1,016,915
Corporate and other	29,783	27,060
Total identifiable assets	<u>\$ 2,059,080</u>	<u>\$ 1,680,685</u>

Corporate and other assets consist primarily of cash and cash equivalents, advances to affiliates and deferred charges.

13. Supplemental Condensed Consolidating Financial Information

The Partnership and the operating subsidiaries of the Operating Partnership serve as joint and several guarantors of the 6.125% and 7.25% Senior Notes and of any obligations under the Credit Facility. The guarantees are full and unconditional. Given that certain, but not all subsidiaries of the Partnership are guarantors, the Partnership is required to present the following supplemental condensed consolidating financial information. For purposes of the following footnote, Sunoco Logistics Partners, L.P. is referred to as "Parent" and Sunoco Logistics Partners Operations L.P. is referred to as "Subsidiary Issuer." Sunoco Partners Marketing and Terminals L.P., Sunoco Pipeline L.P., Sun Pipeline Company of Delaware LLC and Sunoco Pipeline Acquisition LLC are collectively referred to as the "Subsidiary Guarantors". Sunoco Logistics Partners GP LLC, Sunoco Logistics Partners Operations GP LLC and Sunoco Partners Lease Acquisition & Marketing LLC, are referred to as "Non-Guarantor Subsidiaries."

The following supplemental condensed consolidating financial information (in thousands) reflects the Parent's separate accounts, the Subsidiary Issuer's separate accounts, the combined accounts of the Subsidiary Guarantors, the combined accounts of the Non-Guarantor Subsidiaries, the combined consolidating adjustments and eliminations and the Parent's consolidated accounts for the dates and periods indicated. For purposes of the following condensed consolidating information, the Parent's investments in its subsidiaries and the Subsidiary Issuer's investments in its subsidiaries are accounted for under the equity method of accounting.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**Results of Operations – Three Months Ended September 30, 2006 and 2005**

Sunoco Logistics Partners L.P.
Operating Highlights
Three Months Ended September 30, 2006 and 2005

	Three Months Ended September 30,	
	2006	2005
Eastern Pipeline System:(1)		
Total shipments (barrel miles per day)(2)	61,320,475	56,437,189
Revenue per barrel mile (cents)	0.474	0.469
Terminal Facilities:		
Terminal throughput (bpd):		
Refined product terminals	393,304	382,957
Nederland terminal	480,609	420,467
Refinery terminals(3)	658,957	688,923
Western Pipeline System:(1)(4)		
Crude oil pipeline throughput (bpd)	565,639	368,985
Crude oil purchases at wellhead (bpd)	192,175	180,216
Gross margin per barrel of pipeline throughput (cents)(5)	12.6	27.9

(1) Excludes amounts attributable to equity ownership interests in the corporate joint ventures.

(2) Represents total average daily pipeline throughput multiplied by the number of miles of pipeline through which each barrel has been shipped.

(3) Consists of the Partnership's Fort Mifflin Terminal Complex, the Marcus Hook Tank Farm and the Eagle Point Dock.

(4) Includes results from the Partnership's purchases of an undivided joint interest in the Mesa Pipe Line system, the Corsicana to Wichita Falls, Texas pipeline system, and the Millennium and Kilgore pipeline system from the acquisition dates.

(5) Represents total segment sales and other operating revenue minus cost of products sold and operating expenses and depreciation and amortization divided by crude oil pipeline throughput.

Analysis of Consolidated Net Income

Net income was \$17.7 million for the third quarter 2006 as compared with \$14.7 million for the third quarter 2005, an increase of \$3.0 million. This increase was due mainly to an increase in total shipments in the Eastern Pipeline System, operating results from the acquisitions completed in 2005 and 2006 in the Western Pipeline System and increased revenues at the Partnership's refined product terminals associated with ethanol blending. These increases were partially offset by lower lease acquisition margins and higher interest expense related to financing the acquisitions completed in 2006 and the Partnership's internal expansion capital program.

Net interest expense increased \$1.6 million to \$7.0 million for the third quarter 2006 from \$5.4 million for the prior year's quarter due to increased borrowings and higher interest rates, partially offset by an increase of \$0.6 million in capitalized interest.

Analysis of Segment Operating Income*Eastern Pipeline System*

Operating income for the Eastern Pipeline System increased \$3.9 million to \$11.6 million for the third quarter 2006 from \$7.7 million for the third quarter 2005. This increase was primarily the result of a \$2.4 million increase in sales and other operating revenue and a \$0.6 million decrease in operating expenses. Sales and other operating revenue increased from

[Table of Contents](#)

\$24.4 million for the prior year's quarter to \$26.8 million for the third quarter 2006 mainly due to an increase in total shipments. The increase in shipments was due principally to higher throughput on the Marysville, Michigan to Toledo, Ohio crude oil pipeline. During 2005, two third-party Canadian synthetic crude oil plants experienced reduced production as a result of fire damage. Resumed production at these crude oil plants, along with higher demand due to expansion of a Detroit refinery served by the Marysville pipeline, resulted in an increase in shipments. Operating expenses decreased to \$12.0 million in the third quarter 2006 from \$12.6 million in the third quarter 2005 due mainly to product operating gains, partially offset by increased operating costs.

Terminal Facilities

The Terminal Facilities business segment had operating income of \$9.7 million for the third quarter 2006, as compared to \$8.0 million for the prior year's third quarter. Total revenues increased \$3.2 million from the prior year's third quarter to \$31.7 million for the third quarter 2006 due primarily to increased revenues associated with ethanol blending at the Partnership's refined product terminals starting in May 2006, an increase in volumes at the Partnership's Nederland Terminal, as well as increased volumes at the refined product terminals. Operating expenses increased \$1.1 million from the prior year's third quarter to \$14.3 million for the third quarter 2006 due principally to timing of scheduled maintenance activity and higher utility costs. Closing of the previously announced agreement to purchase a 50 percent interest in a refined products terminal located in Syracuse, New York from an affiliate of Exxon Mobil Corporation is now expected to occur in the fourth quarter of 2006.

Western Pipeline System

Operating income for the Western Pipeline System decreased \$1.0 million to \$3.4 million for the third quarter 2006 from \$4.4 million for the third quarter 2005. The decrease was primarily the result of lower lease acquisition margins. The decrease was partially offset by higher crude oil pipeline volumes, mainly from the Corsicana to Wichita Falls, Texas crude oil pipeline acquired in August 2005, the 37.0 percent undivided interest in the Mesa Pipe Line System acquired in December 2005, and the Millennium and Kilgore pipelines acquired in March 2006. The Amdel pipeline, acquired in March 2006, is currently being filled and is expected to begin making deliveries during the fourth quarter 2006. The decrease was further offset by an increase in other income of \$1.2 million primarily attributable to equity income related to the acquisition of a 55.3 percent interest in the Mid-Valley Pipeline Company in August 2006. Total revenues and cost of products sold and operating expenses increased in the third quarter 2006 compared with the prior year's quarter due principally to an increase in the price of crude oil. The average price of West Texas Intermediate crude oil at Cushing, Oklahoma, increased to \$70.55 per barrel for the third quarter 2006 from \$63.17 per barrel for the third quarter 2005. Operating expenses were higher also as a result of increased costs associated with the acquired assets and higher utility costs. Depreciation and amortization increased by \$0.7 million due principally to the 2005 and 2006 acquisitions described earlier.

Results of Operations – Nine Months Ended September 30, 2006 and 2005

Sunoco Logistics Partners L.P.
Operating Highlights
Nine Months Ended September 30, 2006 and 2005

	Nine Months Ended September 30,	
	2006	2005
Eastern Pipeline System:(1)		
Total shipments (barrel miles per day)(2)	60,254,723	55,825,649
Revenue per barrel mile (cents)	0.470	0.468
Terminal Facilities:		
Terminal throughput (bpd):		
Refined product terminals	388,996	387,374
Nederland terminal	473,117	454,721
Refinery terminals(3)	688,553	695,912
Western Pipeline System:(1)(4)		
Crude oil pipeline throughput (bpd)	523,780	335,920
Crude oil purchases at wellhead (bpd)	191,894	188,905
Gross margin per barrel of pipeline throughput (cents)(5)	24.3	26.5

(1) Excludes amounts attributable to equity ownership interests in the corporate joint ventures.

(2) Represents total average daily pipeline throughput multiplied by the number of miles of pipeline through which each barrel has been shipped.

(3) Consists of the Partnership's Fort Mifflin Terminal Complex, the Marcus Hook Tank Farm and the Eagle Point Dock.

(4) Includes results from the Partnership's purchases of an undivided joint interest in the Mesa Pipe Line system, the Corsicana to Wichita Falls, Texas pipeline system, and the Millennium and Kilgore pipeline system from the acquisition dates.

(5) Represents total segment sales and other operating revenue minus cost of products sold and operating expenses and depreciation and amortization.

Analysis of Consolidated Net Income

Net income was \$62.4 million for the nine month period ended September 2006 as compared with \$47.8 million for the comparable period in 2005, an increase of \$14.6 million. This increase was due mainly to an increase in total shipments in the Eastern Pipeline System, operating results from the acquisitions completed in 2005 and 2006 in the Western Pipeline System and higher Western Pipeline System lease acquisition margins. These increases were partially offset by higher interest expense related to financing of the recent acquisitions and the Partnership's internal expansion capital program, and higher selling, general and administrative costs as a result of \$2.9 million in costs related to the Western area headquarters relocation, which was completed in the first quarter 2006.

Net interest expense increased \$3.8 million to \$19.8 million for the first nine months of 2006 from \$16.0 million for the first nine months of 2005 due to increased borrowings and higher interest rates, partially offset by an increase of \$2.3 million in capitalized interest.

Analysis of Segment Operating Income*Eastern Pipeline System*

Operating income for the Eastern Pipeline System increased \$8.3 million to \$32.8 million for the first nine months of 2006 from \$24.5 million for the first nine months of 2005. Sales and other operating revenue increased from \$71.3 million

[Table of Contents](#)

for the prior year's period to \$77.3 million for the nine months ended September 2006 mainly due to an increase in total shipments. This increase was principally the result of higher throughput on the Marysville to Toledo crude oil pipeline as a result of the prior year production issues previously discussed. Other income decreased to \$8.2 million for the first nine months of 2006 from \$9.5 million for the prior year period due primarily to a decrease in joint venture equity income mainly as a result of reduced pipeline volumes experienced by the Partnership's joint venture interests. Operating expenses decreased from \$34.3 million in the first nine months of 2005 to \$32.2 million for the first nine months of 2006 due mainly to product operating gains, partially offset by increased utility, employee and operating costs. Selling, general and administrative expenses decreased \$1.1 million for the nine months ended September 30, 2006 when compared to the prior year period in 2005 due primarily to increased utilization of engineering employees related to expansion capital projects.

Terminal Facilities

The Terminal Facilities business segment had operating income of \$28.9 million for the nine months ended September 2006, as compared to \$26.8 million for the prior year's corresponding period. Total revenues increased \$6.9 million from the prior year's first nine months to \$91.2 million for the first nine months of 2006 due primarily to an increase in revenues associated with ethanol blending at the balance of the Partnership's refined product terminals starting in May 2006 and an increase in revenues at the Partnership's Nederland Terminal. Operating expenses increased \$3.6 million from the prior year's first nine months to \$39.6 million for the first nine months of 2006 due to increased employee costs, the timing of scheduled maintenance activity and higher utility costs.

Western Pipeline System

Operating income for the Western Pipeline System increased \$8.0 million to \$20.5 million for the first nine months of 2006 from \$12.5 million for the first nine months of 2005. The increase was primarily the result of higher crude oil pipeline volumes, mainly from the acquisitions previously discussed and higher lease acquisition margins. Other income increased for the nine months ended September 2006 by \$1.1 million when compared to the prior year period primarily due to an increase in equity income associated with the acquisition of a 55.3 percent interest in the Mid-Valley Pipeline Company in August 2006. Total revenues and cost of products sold and operating expenses increased in the first nine months of 2006 compared with the prior year period due principally to an increase in the price of crude oil. The average price of West Texas Intermediate crude oil at Cushing, Oklahoma, increased to \$68.29 per barrel for the nine months ended September 2006 from \$55.45 per barrel for the nine months ended September 2005. Depreciation and amortization increased by \$3.1 million due principally to the 2005 and 2006 acquisitions discussed earlier. Selling, general and administrative expenses increased \$3.5 million due principally to \$2.9 million of costs related to the Western area headquarters relocation from Tulsa, Oklahoma to Sugar Land, Texas, as well as increased costs associated with the acquired assets. The relocation to Sugar Land was completed in the first quarter 2006.

Liquidity and Capital Resources

Liquidity

Cash generated from operations and borrowings under the Credit Facility are the Partnership's primary sources of liquidity. At September 30, 2006, the Partnership had a working deficit of \$26.9 million and available borrowing capacity under the Credit Facility of \$254.0 million. The Partnership's working capital position also reflects crude oil inventories based on historical costs under the LIFO method of accounting. If the inventories had been valued at their current replacement cost, the Partnership would have had working capital of \$70.5 million at September 30, 2006.

Capital Resources

The Partnership periodically supplements its cash flows from operations with proceeds from debt and equity financing activities.

Credit Facility

Sunoco Logistics Partners Operations L.P., a wholly-owned subsidiary of the Partnership (the "Operating Partnership"), has a \$300 million Credit Facility available to fund working capital requirements, to finance future acquisitions, and for general partnership purposes. The Credit Facility matures in November 2010. It also includes a \$20.0 million distribution sublimit that is available for distributions, and may be used to fund the quarterly distributions, provided the total outstanding borrowings for distributions do not at any time exceed \$20.0 million. The Partnership will be required to reduce to zero all borrowings under the distribution sublimit under the Credit Facility each year for 15 days.

Table of Contents

During the third quarter 2006, \$46.0 million was drawn against the Credit Facility to fund the acquisition of a 55.3 percent interest in the Mid-Valley Pipeline Company. As of September 30, 2006, there was \$254.0 million available under the Credit Facility to fund the Partnership's internal expansion capital program, and for general Partnership purposes, including to finance pending and future acquisitions.

Senior Notes

During May 2006, the Operating Partnership issued \$175 million of 6.125 percent Senior Notes, due May 15, 2016 at 99.858 percent of the principal amount, for net proceeds of \$173.3 million after the underwriter's commission and legal, accounting and other transaction expenses. The discount is amortized on a straight-line basis over the term of the Senior Notes and is included within interest expense in the condensed consolidated statements of income. The Senior Notes are redeemable, at a make-whole premium, and are not subject to sinking fund provisions. The Senior Notes contain various covenants limiting the Operating Partnership's ability to incur certain liens, engage in sale/leaseback transactions, or merge, consolidate or sell substantially all of its assets. The Operating Partnership is in compliance with these covenants as of September 30, 2006. The net proceeds from the Senior Notes, together with the \$110.4 million in net proceeds from the concurrent offering of 2.68 million limited partner common units, were used to repay of all of the \$216.1 million in outstanding borrowings under the Partnership's Credit Facility. The balance of the proceeds from the offerings are being used to fund the Partnership's organic growth program and for general Partnership purposes, including to finance pending and future acquisitions.

Equity Offerings

In May 2006, the Partnership sold 2.4 million common units in a public offering. In June 2006, the Partnership sold an additional 280,000 common units to cover over-allotments in connection with the May 2006 sale. The total sale of units resulted in gross proceeds of \$115.2 million, and net proceeds of \$110.4 million, after the underwriters' commission and legal, accounting and other transaction expenses. Net proceeds of the offering were used to repay a portion of the \$216.1 million of the debt incurred under the revolving Credit Facility. As a result of this issuance of 2.68 million common units, the general partner contributed \$2.4 million to the Partnership to maintain its 2.0 percent general partner interest. The Partnership recorded this amount as a capital contribution to Partners' Capital within its condensed consolidated balance sheet.

In August 2005, the Partnership sold 1.5 million common units in a public offering. In September 2005, the Partnership sold an additional 125,000 common units to cover over-allotments in connection with the August 2005 sale. The total sale of units resulted in total gross proceeds of \$63.4 million, and net proceeds of \$60.4 million, after the underwriters' commission and legal, accounting and other transaction expenses. Net proceeds of the sale were used to repay \$56.5 million of the debt incurred to finance the August 2005 purchase of the Corsicana to Wichita Falls, Texas crude oil pipeline system and storage facilities, with the balance for general partnership purposes. As a result of this issuance of 1.625 million common units, the general partner contributed \$1.3 million to the Partnership to maintain its 2.0 percent general partner interest.

In May 2005, the Partnership sold 2.5 million common units in a public offering. In June 2005, the Partnership sold an additional 275,000 common units to cover over-allotments in connection with the May 2005 sale. The purchase price for the over-allotment was equal to the offering price in the May 2005 sale. The sale of units resulted in total gross proceeds of \$104.1 million, and net proceeds of \$99.2 million, after underwriters' commissions and legal, accounting and other transaction expenses. Net proceeds from the sale were used to redeem 2.775 million common units owned by Sunoco at a redemption price per unit equal to the public offering price per unit after the underwriters' commissions.

Shelf Registration Statement

On April 7, 2006, the Partnership, the Operating Partnership, and the Operating Partnership's wholly-owned subsidiaries, as co-registrants, filed a shelf registration statement with the Securities and Exchange Commission. This shelf registration permits the periodic offering and sale of up to \$500 million of equity securities by the Partnership or debt securities of the Operating Partnership (guaranteed by the Partnership). At September 30, 2006, \$209.8 million remains available for issuance under the shelf registration statement. The shelf registration also covers the resale of up to five million common units by the Partnership's general partner. The amount, type and timing of any offerings will depend upon, among other things, the funding requirements of the Partnership, prevailing market conditions, and compliance with covenants in applicable debt obligations of the Operating Partnership (including the Credit Facility).

Cash Flows and Capital Expenditures

Net cash provided by operating activities for the nine months ended September 30, 2006 was \$110.7 million compared with \$46.0 million for the first nine months of 2005. Net cash provided by operating activities for the first nine months of

Table of Contents

2006 was primarily generated by net income of \$62.4 million, depreciation and amortization of \$27.2 million, and a \$25.0 million decrease in working capital. Working capital decreased primarily due to an increase in accounts payable. In the nine months ended September 30, 2006, crude oil prices increased, which generated an increase in cash for the Partnership. Net cash provided by operating activities for the first nine months of 2005 was principally generated by net income of \$47.8 million and depreciation and amortization of \$24.4 million, partially offset by a \$24.3 million increase in working capital.

Net cash used in investing activities for the first nine months of 2006 was \$207.2 million compared with \$134.2 million for the first nine months of 2005. The increase between periods is due primarily to the acquisitions of the Millennium and Kilgore crude oil pipelines and the Amdel crude oil pipeline in March 2006, the acquisition of a 55.3 percent interest in the Mid-Valley Pipeline Company in August 2006, and the Partnership's investment in its internal expansion capital program, as further discussed below in the "Capital Requirements" section of this document.

Net cash provided by financing activities for the first nine months of 2006 was \$93.7 million compared with \$42.9 million net cash used in financing activities for the first nine months of 2005. Net cash provided by financing activities for the first nine months of 2006 was the result of \$110.3 million of net proceeds from the offering of 2.68 million limited partner common units and \$173.3 million of net proceeds received from the issuance of 6.125 percent Senior Notes in May 2006. This increase was partially offset by \$71.2 million in distributions paid to limited partners and the general partner, a net repayment of \$60.6 million on outstanding borrowings under the Partnership's Credit Facility and \$51.4 million in capital distributions to Sunoco due primarily to the acquisition of a 55.3 percent interest in the Mid-Valley Pipeline Company discussed earlier.

Under a treasury services agreement with Sunoco, the Partnership participates in Sunoco's centralized cash management program. Advances to affiliates in the Partnership's condensed consolidated balance sheets at September 30, 2006 represent amounts due from Sunoco under this agreement. Advances from affiliates at December 31, 2005 represent amounts due to Sunoco under this agreement.

Capital Requirements

The pipeline, terminalling, and crude oil transport operations are capital intensive, requiring significant investment to maintain, upgrade or enhance existing operations and to meet environmental and operational regulations. The capital requirements have consisted, and are expected to continue to consist, primarily of:

- Maintenance capital expenditures, such as those required to maintain equipment reliability, tankage and pipeline integrity and safety, and to address environmental regulations; and
- Expansion capital expenditures to acquire assets to grow the business and to expand existing and construct new facilities, such as projects that increase storage or throughput volume.

The following table summarizes maintenance and expansion capital expenditures, including net cash paid for acquisitions, for the periods presented (in thousands of dollars):

	Nine Months Ended September 30,	
	2006	2005
Maintenance	\$ 16,882	\$ 18,624
Expansion (1)	188,113	115,606
	<u>\$ 204,995</u>	<u>\$ 134,230</u>

(1) The acquisition of a 55.3 percent interest in the Mid-Valley Pipeline Company was included within the expansion capital amount for the nine months ended September 30, 2006 at Sunoco's historical cost of \$12.5 million. Since the acquisition was from a related party, the \$52.5 million difference between the purchase price and the cost basis of the assets was recorded by the Partnership as a capital distribution.

Maintenance capital expenditures, including \$2.8 million related to the Western area headquarters relocation in the nine months ended September 30, 2006, decreased \$1.7 million from the nine months ended September 30, 2005. Excluding the relocation costs, maintenance capital expenditures decreased \$4.5 million in the first nine months of 2006 from the first nine months of 2005 due mainly to the differences in timing of scheduled maintenance activity between the periods. Management anticipates maintenance capital expenditures to be approximately \$25.0 million for the year ended December 31, 2006, excluding the \$2.8 million related to the Western area headquarters' relocation and amounts reimbursable under agreements with Sunoco. Maintenance capital expenditures for both periods presented include recurring expenditures such as

Table of Contents

pipeline integrity costs, pipeline relocations, repair and upgrade of field instrumentation, including measurement devices, repair and replacement of tank floors and roofs, upgrades of cathodic protection systems, crude trucks and related equipment, and the upgrade of pump stations.

Expansion capital expenditures in the nine months ended September 30, 2006 include \$119.2 million related to the acquisitions of the Millennium and Kilgore pipeline system and the Amdel pipeline system in March 2006 and the 55.3 percent interest in the Mid-Valley Pipeline Company (see Note 2 to the condensed consolidated financial statements).

Expansion capital expenditures also include the Partnership's investments in its internal expansion capital program, including expansion of the Marysville crude oil pipeline and the Amdel pipeline purchased in March 2006, expansion of the Montello to Pittsburgh segment of the Philadelphia system, the construction at Nederland of six new crude oil storage tanks with a total capacity of approximately 3.6 million shell barrels, installation of ethanol blending facilities at the balance of the Partnership's refined product terminals, as well as capitalized interest of \$2.5 million.

The Partnership expects to fund capital expenditures, including pending and future acquisitions, from both cash provided by operations and, to the extent necessary, from the proceeds of borrowings under the Credit Facility, other borrowings and the issuance of additional common units.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

The Partnership is exposed to various market risks, including volatility in crude oil commodity prices and interest rates. To manage such exposures, inventory levels and expectations of future commodity prices and interest rates are monitored when making decisions with respect to risk management. The Partnership has not entered into derivative transactions that would expose it to price risk.

The \$300 million Credit Facility generally exposes the Partnership to interest rate risk since it bears interest at a variable rate of 5.71 percent at September 30, 2006. A one percent change in interest rates changes annual interest expense by approximately \$0.5 million based on outstanding borrowings under the Credit Facility of \$46.0 million at September 30, 2006.

Forward-Looking Statements

Some of the information included in this quarterly report on Form 10-Q contains "forward-looking" statements, as such term is defined in Section 27A of the Securities Act of 1933 and Section 21E of the Exchange Act, and information relating to the Partnership that is based on the beliefs of its management as well as assumptions made by and information currently available to management.

Forward-looking statements discuss expected future results based on current and pending business operations, and may be identified by words such as "anticipates", "believes", "expects", "planned", "scheduled" or similar expressions. Although management of the Partnership believes these forward-looking statements are reasonable, they are based upon a number of assumptions, any or all of which may ultimately prove to be inaccurate. Statements made regarding future results are subject to numerous assumptions, uncertainties and risks that may cause future results to be materially different from the results stated or implied in this document.

The following are among the important factors that could cause actual results to differ materially from any results projected, forecasted, estimated or budgeted:

- Our ability to successfully consummate announced acquisitions or expansions and integrate them into our existing business operations;
- Delays related to construction of, or work on, new or existing facilities and the issuance of applicable permits;
- Changes in demand for, or supply of, crude oil, refined petroleum products and natural gas liquids that impact demand for the Partnership's pipeline, terminalling and storage services;
- Changes in the demand for crude oil we both buy and sell;
- The loss of Sunoco R&M as a customer or a significant reduction in its current level of throughput and storage with the Partnership;

Table of Contents

- An increase in the competition encountered by the Partnership's petroleum products terminals, pipelines and crude oil acquisition and marketing operations;
- Changes in the financial condition or operating results of joint ventures or other holdings in which the Partnership has an equity ownership interest;
- Changes in the general economic conditions in the United States;
- Changes in laws and regulations to which the Partnership is subject, including federal, state, and local tax, safety, environmental and employment laws;
- Changes in regulations concerning required composition of refined petroleum products, that result in changes in throughput volumes, pipeline tariffs and/or terminalling and storage fees;
- Improvements in energy efficiency and technology resulting in reduced demand for petroleum products;
- The Partnership's ability to manage growth and/or control costs;
- The effect of changes in accounting principles and tax laws and interpretations of both;
- Global and domestic economic repercussions, including disruptions in the crude oil and petroleum products markets, from terrorist activities, international hostilities and other events, and the government's response thereto;
- Changes in the level of operating expenses and hazards related to operating facilities (including equipment malfunction, explosions, fires, spills and the effects of severe weather conditions);
- The occurrence of operational hazards or unforeseen interruptions for which the Partnership may not be adequately insured;
- The age of, and changes in the reliability and efficiency of the Partnership's operating facilities;
- Changes in the expected level of capital, operating, or remediation spending related to environmental matters;
- Changes in insurance markets resulting in increased costs and reductions in the level and types of coverage available;
- Risks related to labor relations and workplace safety;
- Non-performance by or disputes with major customers, suppliers or other business partners;
- Changes in the Partnership's tariff rates implemented by federal and/or state government regulators;
- The amount of the Partnership's indebtedness, which could make the Partnership vulnerable to adverse general economic and industry conditions, limit the Partnership's ability to borrow additional funds, place it at competitive disadvantages compared to competitors that have less debt, or have other adverse consequences;
- Restrictive covenants in the Partnership's or Sunoco, Inc.'s credit agreements;
- Changes in the Partnership's or Sunoco, Inc.'s credit ratings, as assigned by ratings agencies;
- The condition of the debt capital markets and equity capital markets in the United States, and the Partnership's ability to raise capital in a cost-effective way;
- Changes in interest rates on the Partnership's outstanding debt, which could increase the costs of borrowing;
- Claims of the Partnership's non-compliance with regulatory and statutory requirements; and
- The costs and effects of legal and administrative claims and proceedings against the Partnership or any entity in which it has an ownership interest, and changes in the status of, or the initiation of new litigation, claims or proceedings, to which the Partnership, or any entity in which it has an ownership interest, is a party.

These factors are not necessarily all of the important factors that could cause actual results to differ materially from those expressed in any of the Partnership's forward-looking statements. Other factors could also have material adverse effects

[Table of Contents](#)

on future results. The Partnership undertakes no obligation to update publicly any forward-looking statement whether as a result of new information or future events.

Item 4. Controls and Procedures

(a) As of the end of the fiscal quarter covered by this report, the Partnership carried out an evaluation, under the supervision and with the participation of the management of Sunoco Partners LLC, the Partnership's general partner (including the President and Chief Executive Officer of Sunoco Partners LLC), of the effectiveness of the design and operation of the Partnership's disclosure controls and procedures pursuant to Exchange Act Rule 13a-15. Based upon that evaluation, the President and Chief Executive Officer of Sunoco Partners LLC concluded that the Partnership's disclosure controls and procedures are effective.

(b) No change in the Partnership's internal controls over financial reporting has occurred during the fiscal quarter covered by this report that has materially affected, or that is reasonably likely to materially affect, the Partnership's internal control over financial reporting.

(c) Disclosure controls and procedures are designed to ensure that information required to be disclosed in the Partnership reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the rules and forms of the Securities and Exchange Commission. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in the Partnership reports under the Exchange Act is accumulated and communicated to management, including the President and Chief Executive Officer of Sunoco Partners LLC, as appropriate, to allow timely decisions regarding required disclosure.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

In August 2006, Mid-Valley Pipeline Company (an entity in which Sunoco, Inc. formerly owned a 55.3 percent interest), Sun Pipe Line Company (a subsidiary of Sunoco, Inc.) and Sunoco Pipeline L.P. (a subsidiary of Sunoco Logistics Partners L.P.) reached a settlement with the U.S. Environmental Protection Agency, the U.S. Department of Justice and the Kentucky Environmental and Public Protection Cabinet relating to certain alleged violations of the federal Clean Water Act and certain Kentucky statutes and regulations, in a total amount of approximately \$3.1 million. The Partnership expects to be fully indemnified for costs associated with the settlement. The Consent Decree concerning this settlement was lodged with the U.S. District Court in Kentucky on August 15, 2006. The 30-day comment period expired on September 20, 2006 and a motion to enter the Consent Decree was filed on October 13, 2006, and is pending. The alleged violations arise from a release in November 2000 in Louisiana and a release in January 2005 in Kentucky. (See also the Partnership's Quarterly Report on Form 10-Q for the quarter ended June 30, 2006)

Item 1A. Risk Factors

There have been no material changes from the risk factors described previously in Part I, Item 1A of the Partnership's Annual Report on Form 10-K for the year ended December 31, 2005, filed on March 1, 2006.

Item 2. Unregistered Sales of Equity Securities and Uses of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None

Item 4. Submission of Matters to a Vote of Security Holders

None

Item 5. Other Information

None

CERTIFICATION
Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002

I, Deborah M. Fretz, President, Chief Executive Officer of Sunoco Partners LLC, the general partner of the registrant Sunoco Logistics Partners L.P., hereby certify that:

1. I have reviewed this Quarterly Report on Form 10-Q for the quarter ended September 30, 2006 of Sunoco Logistics Partners L.P.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated entities, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
