Item 8.01. Other Events.

As previously reported in a Current Report on Form 8-K filed June 4, 2025, the Bureau of Industry and Security (“BIS”), U.S. Department of Commerce, previously notified Energy Transfer LP (the “Partnership”), by letter dated June 3, 2025, pursuant to Section 744.21(b) of the Export Administration Regulations (“EAR”) (15 C.F.R. Parts 730-774), that a license was required for the export, reexport, or transfer (in-country) of ethane classified in the U.S. Census Bureau’s Schedule B as “2901.10.1010: Ethane, saturated” (referred to herein as “Covered Ethane Products”), where a party to the transaction (including as a purchaser, intermediate consignee, ultimate consignee, or end-user) is located in China, or is a Chinese “military end user,” wherever located. The letter informed the Partnership that the license requirement would remain in effect unless or until either (i) BIS informed the Partnership of a revision to or rescission of the letter, or (ii) license requirements are imposed through amendment to the EAR.

By letter dated July 2, 2025, BIS has informed the Partnership that BIS has rescinded the license requirements set forth in the June 3rd letter, effective immediately.

The Partnership owns and operates marine export terminals that handle natural gas liquids, including Covered Ethane Products.
