

Energy Transfer Operating, L.P. Announces Early Participation Results of Exchange Offers and Consent Solicitations for Senior Notes of Energy Transfer LP and Extends Early Consent Benefits to Remaining Holders

DALLAS, TEXAS—March 11, 2019—Energy Transfer Operating, L.P. (formerly, Energy Transfer Partners, L.P., and a subsidiary of Energy Transfer LP) (“ETO”) today announced that, in connection with its previously announced offers to exchange any and all validly tendered and accepted 7.500% Senior Notes due 2020, 4.250% Senior Notes due 2023, 5.875% Senior Notes due 2024 and 5.500% Senior Notes due 2027 (collectively, the “Existing ET Notes”) issued by Energy Transfer LP (formerly, Energy Transfer Equity, L.P.) (NYSE: ET) for new senior notes to be issued by ETO (collectively, the “New ETO Notes”), and the related solicitations of consents to amend the indenture governing the Existing ET Notes (together, the “Exchange Offers and Consent Solicitations”), it has received the requisite number of consents to adopt certain amendments to the indentures governing the Existing ET Notes, subject to each holder’s right to withdraw previously tendered Existing ET Notes.

Based upon the substantial participation to date and the amendments contemplated in the Exchange Offers and Consent Solicitations, ETO is allowing additional time for investors to participate on the same terms as the approximately 97% of holders of Existing ET Notes that have already agreed to exchange by extending the deadline to receive the Early Tender Premium (as defined below) to 11:59 p.m., New York City time, on March 22, 2019, the same time as the Expiration Deadline (as defined below) for the Exchange Offers and Consent Solicitations, unless further extended.

Except as described in this press release relating to the extension of the deadline to receive the Early Tender Premium, no changes have been made to the terms and conditions of the Exchange Offers and Consent Solicitations, which are set forth in ETO’s Registration Statement on Form S-4 (File No. 333-229843) (the “Registration Statement”), which was filed with the Securities and Exchange Commission (“SEC”) on February 25, 2019, and was amended by Amendment No. 1 to the Registration Statement on March 7, 2019, but has not yet been declared effective.

The early consent deadline had been 5:00 p.m., New York City time, on March 8, 2019 (the “Original Early Tender Deadline”). The aggregate principal amount of the Existing ET Notes that have been validly tendered and not validly withdrawn as of the Original Early Tender Deadline is listed in the table below.

<u>Title of Series of Existing ET Notes/CUSIP Number(s)</u>	<u>Aggregate principal amount of such series of Existing ET Notes tendered and consenting as of the Early Tender Deadline</u>	<u>Percentage of total outstanding principal amount of such series of Existing ET Notes tendered and consenting as of the Early Tender Deadline</u>

The Exchange Offers and Consent Solicitations are being made pursuant to the terms and conditions set forth in ETO’s preliminary prospectus, dated as of February 25, 2019 (the “Prospectus”), which forms a part of the Registration Statement. The Exchange Offers and Consent Solicitations commenced on February 25, 2019, and will expire at 11:59 p.m. New York City time on March 22, 2019, unless extended (the “Expiration Deadline”). Tendered Existing ET Notes may be validly withdrawn at any time prior to the Expiration Date. However, consents to the applicable amendments to the indenture governing the terms of the Existing ET Notes may not be revoked after the Early Tender Deadline even if holders

validly withdraw tenders of any particular series of Existing ET Notes. Requests for documents may be directed to the Information Agent at the address and telephone numbers provided above. The consideration for each \$1,000 principal amount of Existing ET Notes validly tendered at or prior to the Expiration Date and not validly withdrawn will be \$1,000 principal amount of New ETO Notes (the "Total Consideration"), which includes an early participation premium of \$30 principal amount of New ETO Notes of the applicable series (the "Early Tender Premium").
